# SENESTECH

Safety Data Sheet Version 8.0 Revision Date 03/25/2021

Print Date 03/25/2021

## 1. PRODUCT AND COMPANY IDENTIFICATION

Product name: ContraPest®

Product use description: For the reduction of reproductive capacity of Norway and roof rats

Restricted use: For retail sale and use only by certified applicators or persons under

their direct supervision and only for those uses covered by the certified

applicator's certification

EPA Registration No. 91601-1

Supplier and SenesTech, Inc.

777 Pinnacle Peak Rd, Suite B-104

manufacturer: Phoenix, AZ 85027

Telephone number: +1 928-779-4143 Fax: +1 928-962-0288

Emergency phone +1 928-699-8318 (Hours of Operation: Monday - Friday, 8:00 a.m. -

number: 6:00 p.m., MST)

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For non-emergency information, on product usage call 1-928-779-4143, Monday through Friday, 9 a.m. to 5 p.m. For medical emergencies call your poison

control center at 1-800-222-1222

# 2. HAZARDS IDENTIFICATION

Classification: GHS classification in accordance with the OSHA Hazard Communication Standard (29 C.F.R. § 1910.1200):

Signal word: None
Pictogram: Not
Hazard applicable

statement(s): None Precautionary None

statement(s): Hazards Not

Otherwise None known.

Classified (HNOC):

# 3. COMPOSITION/INFORMATION ON INGREDIENTS

# **Active Ingredients:**

Component	CAS-No.	Concentration
Vinylcyclohexene diepoxide	106-87-6	0.09604%
Triptolide	38748-32-2	0.00118%

# 4. FIRST AID MEASURES

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of

water for 15-20 minutes. Call a poison control center or doctor for

treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20

minutes. Remove contact lenses, if present, after the first 5 minutes,

and continue rinsing. Call a poison control center or doctor for

treatment advice.

Call poison control center or doctor immediately for treatment advice. If swallowed:

Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not

give anything to an unconscious person.

Most important symptoms/effects, acute and delayed:

Causes mild skin irritation.

Indication of immediate medical attention and special treatment needed if necessary:

This product has been formulated for fertility control in rats. It may

possibly induce transient infertility in small male and female

mammals capable of reproduction.

# 5. FIRE-FIGHTING MEASURES

Conditions of Not flammable or combustible

Use water spray, dry chemical or carbon dioxide. flammability:

Extinguishing media: Wear self-contained breathing apparatus for firefighting if

Advice for fire fighters: necessary.

## 6. ACCIDENTAL RELEASE MEASURES

Do not touch damaged containers or spilled material unless wearing Personal precautions:

appropriate protective clothing. For personal protection see Section 8.

Environmental precautions: Stop leak if you can do it without risk. Prevent entry into any

waterways, drains or sewers.

Use absorbent paper to pick up all liquid spill material. Seal the Method for cleaning-up:

> absorbent paper, along with anything that may be contaminated like clothing, in a plastic bag for eventual disposal. Wash any surfaces you may have contaminated with a soap and water solution. Dispose of

contaminated material as waste according to Section 13.

## 7. HANDLING AND STORAGE

Avoid contact with eyes, skin and clothing. Avoid prolonged or Safe handling precautions:

repeated exposure. Wash thoroughly with soap and water after

handling and before eating, drinking, chewing gum, using

tobacco, or using the toilet. Safe storage conditions:

> Store only in original, tightly secured, bait tank in a room temperature environment, inaccessible to children, pets, livestock and other non-target animals. Do not contaminate

water, food or feed by storage or disposal.

# 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Control parameters: Components with workplace control parameters

Component	CAS-No.	Value	Control	Basis	
			parameters		
Vinylcyclohexe ne diepoxide	106-87-6	TWA	0.1 ppm 0.57 mg/m <sup>3</sup>	USA. ACGIH Threshold Limit Values (TLV)	
Remarks	Skin contact does contribute to exposure. Confirmed animal carcinogen with unknown relevance to humans				

# Personal protective equipment

Body protection:

Hand protection: Handle with protective nitrile gloves ≥ 14 mils. Gloves must be

inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use according to Section 13. Wash

thoroughly with soap and water after handling.

Wear closed toed shoes. Long-sleeved shirt and long pants are

recommended when handling this product.

Hygiene Measures:

Avoid contact with skin, eyes and clothing. Wash hands immediately

after handling the product. Remove and wash contaminated clothing

before reuse.

## 9. PHYSICAL AND CHEMICAL PROPERTIES

Information on basic physical and chemical properties

Physical state: Liquid

Color: Opaque white
Odor: Sweet, milky
Odor threshold: aroma No data
pH: available 7.2
Melting point/freezing No data available

Melting point/freezing No data available point: Flash point: No data available Evaporation rate: No data available

Flammability

(solid, gas): No data available

Upper/lower

flammability or No data available explosive limits: 17mmHg at 20°C Vapor pressure: No data available

Vapor density: 0.971 kg/L Relative density: Soluble

Water solubility: No data available Partition coefficient: No data available

Auto-ignition temperature:

Decomposition temperature: No data available

Viscosity: 0.9440 cP
Explosive No data
properties: available No
Oxidizing data available

properties:

#### 10. STABILITY AND REACTIVITY

Reactivity: No data available

Chemical stability: Stable under recommended storage

Hazardous conditions No data available

Freezing temperatures and warm, moist reactions:

Conditions to avoid:

Incompatible materials:

areas Strong acids and bases

## 11. TOXICOLOGICAL INFORMATION

Information on the likely routes of exposure: skin and eyes Acute toxicity values:

 $LD_{50} > 5000 \text{ mg/kg}$ Acute oral: Acute dermal:  $LD_{50} > 5000 \text{ mg/kg}$ Acute inhalation: No data available

Skin corrosion/ Skin-Rabbit

irritation: Result: slight skin irritation

Serious eye Eve-rabbit

damage/ eye Result: Non-irritant

irritation: (OECD Test Guideline 405)

Dermal sensitization: Skin-guinea pig

According to GHS Classification, this product is not a dermal sensitizer

Carcinogenicity: This product does not contain a component present at  $\geq$  0.1% that has

been reported to be carcinogenic based on its IARC, ACGIH, NTP or Listed values for

EPA classification.

ingredients:

Possibly carcinogenic to humans (Vinylcyclohexene diepoxide) IARC: 2B - Group 2B:

Reasonably anticipated to be a human carcinogen (Vinylcyclohexene

NTP: diepoxide)

No component of this product is identified as a carcinogen or OSHA:

potential carcinogen by OSHA. Reproductive toxicity:

Germ cell mutagenicity:

Specific target organ

toxicity – single

exposure: Specific target organ

toxicity - repeated

No data available

No data available

No data available

No data available exposure: No data available Aspiration hazard:

Signs and symptoms of

exposure:

To the best of our knowledge, the chemical, physical and toxicological

properties have not been thoroughly investigated.

No data available

Additional information:

#### 12. ECOLOGICAL INFORMATION

No data available Toxicity:

Persistence and

No data available degradability:

Bioaccumulative

No data available potential:

Mobility in soil: Other adverse No data available No data available

effects:

# 13. DISPOSAL CONSIDERATIONS

Product: Do not contaminate water, food or feed by storage or disposal. Do not

dispose of product down any drains, waterways or sewers. Tanks are non-refillable. Dispose of partly filled tanks by recapping and placing in trash can or may be disposed of by an approved waste disposal

facility.

Contaminated packaging: Do not re-use empty tanks. If the tank is empty, place empty tank in

trash or offer for recycling.

# 14. TRANSPORTATION INFORMATION

DOT (US):

IMDG:

Not regulated

Not regulated

Not regulated

# 15. REGULATORY INFORMATION

This chemical is a pesticide product registered by the Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. The requirements differ from the classification criteria and hazard information required for safety data sheets, and for workplace labels of non-pesticide chemicals. Following is the hazard information required on the pesticide label:

KEEP OUT OF REACH OF CHILDREN

#### CAUTION / PRECAUTIONARY STATEMENTS

Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Wear protective nitrile gloves  $\geq$  14 mils or butyl rubber  $\geq$  14 mils, long sleeved shirts, and long pants when handling this product.

SARA 302 Components: No chemical in this material are subject to the reporting requirements

of SARA Title III, Section 302.

SARA 313 Components: This material does not contain any chemical components with known

CAS numbers that exceed the threshold (De Minimis) reporting levels

established by SARA Title III, Section 313.

SARA 311/312 Hazards: No SARA Hazards

Massachusetts Right to This material does not contain any chemical components above the

Know Components: regulatory threshold limit for Massachusetts Right to Know.

Pennsylvania Right to This material does not contain any chemical components above the

Know Components: regulatory threshold limit for Pennsylvania Right to Know.

New Jersey Right to Know This material does not contain any chemical components above the

regulatory threshold limit for Pennsylvania Right to Know.

WARNING! This product contains a chemical known to the State of

California to cause cancer or reproductive toxicity. CAS-No. 106-87-6: 4-Vinylcyclohexene diepoxide
