APPLE BAIT BLOCK® Rodenticide
Kills Rats & Mice

ITEM # 709-AP

ACTIVE INGREDIENT:
Diphacinone CAS [82-66-6] 0.005%
OTHER INGREDIENTS: 99.995%
TOTAL: 100.000%
EPA REG. NO. 56-74
EPA EST. NO. 56-OH-1
EPA EST. NO. 61282-WI-1

SPECIMEN LABEL

KEEPS OUT OF REACH OF CHILDREN

CAUTION
SEE BACK/SIDE PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS
2 oz. Block
NET WT:
Mfg. for: J.T. Eaton & Co., Inc.,
1393 East Highland Road, Twinsburg, OH 44087

PRECAUTIONARY STATEMENTS
Hazard to Humans and DomesticAnimals
CAUTION: Keep away from humans, domestic animals and pets. Keep away from feed or
foodstuffs. May be harmful if swallowed or absorbed through the skin. This product should
be handled with waterproof gloves. Causes moderate eye irritation. Do not get in eyes, on
skin, or on clothing. Wash arms, hands, and face with soap and water after applying. If
swallowed call a physician immediately.

FIRST AID
HAVE THIS LABEL WITH YOU WHEN OBTAINING TREATMENT ADVICE.

IF SWALLOWED:
• Call a Poison Control Center, doctor, or 1-800-664-9042 or
  1-800-658-7378 immediately for treatment advice.
• Have person sip a glass of water if able to swallow.
• Do not induce vomiting unless told to by a Poison Control Center
  or doctor.

IF IN EYES:
• Hold eye open and rinse slowly and gently with water for 15 to
  20 minutes.
• Remove contact lenses, if present, after the 5 minutes, then
  continue rinsing.
• Call a Poison Control Center or doctor for treatment advice.

IF ON SKIN OR CLOTHING:
• Take off contaminated clothing.
• Rinse skin immediately with plenty of water for 15 to 20 minutes.
• Call a Poison Control Center or doctor. You may call 1-800-664-9042
  or 1-800-658-7378 for emergency medical treatment advice.

NOTE TO PHYSICIAN: This material may reduce the clotting ability of the blood and cause
bleeding. If ingested, administer vitamin K1 intramuscularly or orally. Repeat as necessary
based on monitoring of prothrombin times.

STORAGE AND DISPOSAL
DO NOT CONTAMINATE FOOD OR WATER BY STORAGE OR DISPOSAL.
STORAGE: Store in original container, in a cool, dry, place inaccessible to children and pets
and away from products with strong odors. SPILL: Sweep up and dispose of as in
PESTICIDE DISPOSAL.
PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on
site or at an approved waste disposal facility.
CONTAINER DISPOSAL: Non-Household use: Completely empty container into
application equipment. Then dispose of empty container in a sanitary landfill or by
incineration, or if allowed by State and local authorities, by burning. If burned stay out of
smoke.
Household use: If empty: Do not reuse this container. Place in trash or offer for recycling
if available.
If partially filled: Call your local waste agency or 1-800-CLEANUP for disposal instructions.
Never place unused product down any indoor or outdoor drain.

ENVIRONMENTAL HAZARD
This product is toxic to fish and wildlife. Do not apply this product directly to water. Do
not contaminate water when disposing of equipment wash waters.

DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with its
labeling.
READ THIS LABEL: Read this entire label and follow all use instructions and
use precautions.
IMPORTANT: Do not expose children, pets, or other nontarget animals to rodenticides.
To help prevent accidents:
1. Store product not in use, in a location out of reach of children and pets.
2. Apply bait in locations out of reach of children, pets, domestic animals and
  nontarget wildlife, or in tamper-resistant bait stations. These stations must be
  resistant to destruction by dogs and by children under six years of age, and must
  be used in a manner that prevents such children from reaching into bait
  compartments and obtaining bait. If bait can be shaken from stations when they
  are lifted, units must be secured or otherwise immobilized. Even stronger bait
  stations are needed in areas open to hooved livestock, raccoons, bears or other
  potential destructive animals, or in areas prone to vandalism.
3. Dispose of product container, and unused, spoiled, and unconsumed bait as
   specified on this label.

USE RESTRICTIONS:
This product may be used to control Norway rats, roof rats, and house mice in
and around homes, industrial buildings and similar man-made structures. Do not
place bait in areas where there is a possibility of contaminating food or surfaces
that come in direct contact with foods. Do not broadcast the bait.

SELECTION OF TREATMENT AREAS:
Determine areas where rats or mice will most likely find and consume the bait.
Generally, these are along walls, by gnawed openings, in or beside burrows,
in corners and concealed places, between floors and walls, or in locations where
signs of rats or mice have been seen. Protect bait from rain or snow. For best
results, remove as much foodstuff, as possible, from the area to be baited.

APPLICATION DIRECTIONS
For Rats: Apply 2 to 8 blocks (4 to 16 oz. of bait) per placement. Space bait
placements at intervals of 15 to 30 feet in infested area. Maintain an
uninterrupted supply of bait for at least 10 days or until there no longer are
signs of new feeding by rats.

For Mice: While wearing waterproof gloves, break each 2 oz. block into 3 pieces.
Use one such piece of bait block per typical placement. Space placements at intervals of
8- to 12- feet in infested area. At points of extremely high mouse activity, two
or three pieces of bait block (up to 2 oz.) or one entire block may be placed.
Maintain an uninterrupted supply of fresh bait for at least 15 days or until fresh
signs of feeding by house mice cease to appear.

Follow Up (for Rats & Mice): Immediately replace contaminated or spoiled bait.
Properly collect and dispose of all dead animals and any leftover bait. To discourage
reinfestation, limit sources of rodent food, water, and harborage as much as possible.
Where a continuous source of infestation is present, establish permanent bait stations.
Regularly check the stations and replace bait as needed.

NOTICE: Buyer assumes all risks of use, storage or handling of this material
not in strict accordance with directions given hereon.
