**STOP - Read the label before use. Keep out of reach of children. CAUTION**

**ACTIVATED INGREDIENTS:*** 
- Maxforce® Flyspot Bait

**LABELING:**
- The use of this product is restricted to owners of poultry houses, turkey and chicken houses, cattle, sheep and goats, and other livestock breeders.
- The label information is not for food processing or feeding or for use in household or other areas where food or food products are handled or prepared.
- It is illegal to contaminate the water, air or ground with this product.
- This product is for use on and around poultry houses, turkey and chicken houses, cattle, sheep and goats, and other livestock facilities.

**APPLICATION DIRECTIONS:**
- Apply the product to surfaces where house flies tend to rest.
- The bait will attract pests to the treated area. Begin applications at the start of the season before fly activity begins.
- Applications in food/feed handling establishments are permitted ONLY in non-food/non-feed areas. Non-food/non-feed areas include garbage rooms, mop closets and storage (after packaging, canning or bottling).
- Applications in food/feed handling establishments are permitted ONLY in non-food/non-feed areas of commercial facilities, dog kennels, zoos, animal rearing facilities, schools, hospitals, houses of worship, airports, factories, warehouses, and other areas where food or water is handled.

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS:**
- Do not apply this product to any food, food packaging, or any food contact surfaces.
- Do not apply this product to any food packaging or any food contact surfaces.
- Do not allow bait to come in contact with food or water.
- Do not apply bait on surfaces accessible to children or pets.

**RESTRICTIONS:**
- Do not apply this product on surfaces accessible to children.
- Do not apply this product on surfaces accessible to pets.
- Do not apply this product on surfaces accessible to children.
- Do not apply this product on surfaces accessible to pets.
- Do not apply this product on surfaces accessible to children.
- Do not apply this product on surfaces accessible to pets.
- Do not apply this product on surfaces accessible to children.
- Do not apply this product on surfaces accessible to pets.

**PRODUCT FACTS:**
- Contains Bitrex® bittering agent to help prevent consumption of the bait by children and pets.
- Contains the attractant muscalure to attract house flies.
- Maxforce® Flyspot Bait is effective against house flies and drain fly types of pest infestations.

**DIRECTIONS FOR USE:**
- Mix the contents of one 2 ounce packet of this product in 1 pint of water and agitate until completely mixed. One pint of finished spray will make 5 gallons of spray.
- For spray applications, add the contents of one 2 ounce packet of this product to 2 gallons of water and agitate until completely mixed.
- For spray applications, use a hose or air blower to apply solution to areas where house flies are most likely to aggregate.
- For spray applications, take care not to overspray and to avoid applying the product to non-food contact surfaces.

**STORAGE AND DISPOSAL:**
- Storage: Store in a cool, dry place and in such a manner as to prevent cross contamination with other products. Store at least 10 feet away from other household products. Store in a secure area away from children and pets.
- Disposal: If mix is applied in areas where soils are permeable, wash off any excess mix with water. If mix is applied in areas where soils are not permeable, wash off any excess mix with water and allow to dry before applying the product to the soil.
- Disposal of container: Completely empty container. Wrap used container and place in trash can or at an approved waste disposal facility.

**IMPORTANT: READ BEFORE USE**
- Read the entire Directions for Use, Contaminants, and Restrictions on the label before using this product.
- If necessary, place the product in container and out of the reach of children, preferably in a cabinet or other enclosure.
- If product is on the ground, thoroughly dilute the product with water before disposal.

**PRODUCT INFORMATION:**
- Net Contents: 2 oz (56.7 g)
- Product Information: Telephone No. 1-800-334-7577. Have the product container or label with you when calling a poison control center or doctor for treatment advice.
- Telephone No. 1-800-334-7577. Have the product container or label with you when calling a poison control center or doctor for treatment advice.
This product is a bait formulated to control house flies in rural and urban environments. It contains Z-9-Tricosene at 0.1%.

**CAUTION:**
- This product is toxic to pets. Keep pets away from treated areas.
- Do not apply to food contact surfaces or areas accessible to children or pets.

**FIRST AID:**
- **Inhalation:** Remove to fresh air. If not improved, get medical assistance.
- **Eye Contact:** Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Do not give anything to an unconscious person.
- **Skin Contact:** Wash with soap and water. If irritation persists, get medical assistance.

**PRODUCT FACTS:****
- **Active Ingredients:** Z-9-Tricosene, Muscleylure, Bitrex®
- **Formulation:** Dust

**DIRECTIONS FOR USE:**
- **Fly-Resting Surfaces:** Use 16 oz of product in 1 gallon of finished spray to treat fly-resting surfaces in buildings with 2,000 sq ft of floor space, facilties, feedlots, dairy barns, swine confinement buildings, dog kennels, and other animal facilities where house flies tend to be a nuisance or a health hazard.
- **Containers:** Use as a spray for treating containers, can, or ams. Paint on milking equipment at dairy facilities. This also applies to empty pens due to be re-stocked prior.
- **Serving Areas:** When food is exposed and the facility is in operation, applications in food/feed handling establishments are permitted only in serving areas made in serving areas ONLY while the facility is not in operation, and provided that contamination of food or food contact surfaces must be avoided. Do not apply bait on surfaces accessible to children or pets.
- **Facilities:** Use environmental controls, such as proper light management.

**STORAGE AND DISPOSAL:**
- Store in a cool, dry place and in such a manner as to prevent contact with food or food contact surfaces.
- **Insecticide Resistance Management Plan:** The insecticide resistance management plan can be found at http://www.bayerconnect.com/

**LIMITATIONS OF LIABILITY:**
- The exclusive remedy of the user or buyer for any and all losses or damages, whether incidental, consequential or otherwise, is limited to the return of the unopened product container at once.
