

SHAKE WELL

DIRECTIONS FOR USE SHAKE WELL BEFORE EACH USE

Hold can with the nozzle pointing away from yourself and others. Press down on the nozzle to dispense foam. For pin-point application use straw. Lubricate straw with soapy water for ease of placement in actuator.

TREATMENT AREAS: Floor drains, trough drains, bar sink drains, beer tap drains, ice machine drains, soda fountain and holster drains, ice cream dipper well drains, other drains, cracks & crevices underneath counters and equipment where fats, oil and grease build up. Other areas include behind baseboards, in voids and around coolers and tray conveyers. Use around any area where food, moisture and other organic material may build up. Not intended for use on food preparation or service counter surfaces.

Drains must be undisturbed for 30 minutes after treatment. Once the foam has dissipated, the foam reverts back to a liquid containing bacteria, whereby moving further down the drain line to maximize delivery reach.

CAUTION

Contains Water (CAS# 7732-18-5), a proprietary blend of surfactants (CAS# N/A), Propane (CAS# 74-98-6), N-Butane (CAS# 106-97-8), and selected bacterial cultures (CAS# N/A). Contents under pressure. Keep away from heat and open flame. Exposure to temperatures above 120°F may cause bursting. Do not puncture or incinerate container.

FIRST AID

If on Skin: Rinse skin immediately with plenty of water for 15-20 minutes.

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present.

If Swallowed: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

STORAGE & DISPOSAL

Do not contaminate food or feed by storage or disposal.

STORAGE: Do not store near heat or open flame. Store in a cool dry area away from children.

DISPOSAL: Do not Puncture or Incinerate!

If empty: Place in trash or offer for recycling if available.

VOC COMPLIANT IN ALL STATES.

CB GREEN LINE

A natural way to maintain
clean drains.

MICROBEMAX™
VOLUMETRIC DRAIN FOAM

SHAKE WELL

Non-genetically engineered bacterial foam designed to leave a clean scent while eliminating fats, oil & grease (FOG), scum buildup and odors in drains, cracks crevices and on surfaces.

- Eliminates drain flies, fruit flies & other insect's breeding sites in drains
- Eliminates FOG and other organic material through bioremediation
- Prevents clogging in drains and pipes
- One 20 oz can delivers up to 7 gallons of finished product
- Convenient & easy one-step application
- Requires no mixing or diluting
- Safe for all pipes, grease traps, septic systems and sewers
- Eliminates odors by attacking them at the source
- Convenient valve allowing use at multiple angles

Recommended for facilities with heavy buildup of organic matter or FOG; buildup in drains, cracks and crevices; or underneath counters and equipment.

KEEP OUT OF REACH OF CHILDREN

**CAUTION: CONTENTS
UNDER PRESSURE**
