

WHEN HEAVY RAINS IMPACT A BUSINESS UNDER CONSTRUCTION

# BUILDERS NEED YOUR HELP

## USE MOLD-CLEAN® TO REMOVE STAINS

Mold-Clean is a non-fungicidal wood cleaner and surface conditioner that removes existing stains on wood surfaces and cleans and brightens weathered wood. It is a ready-to-use pleasantly scented product containing sodium hypochlorite and detergents to clean with minimal scrubbing.

Mold-Clean can be offered as a cleaning service to builders, and is available for use by homeowners, contractors and PMPs.

- Contains wetting agents to ensure penetration for thorough stain removal.
- Use on raw lumber, new construction and remedial jobs.
- Clean wood surfaces in crawl spaces where stains have developed due to moisture problems.
- Use to eliminate stains on siding, composition decking and patio furniture.
- Use in conjunction with Bora-Care® with Mold-Care® to clean wood surfaces before application of the fungicide.

Remember, always read, understand and comply with the label. Bora-Care, Mold-Care, Mold-Clean and Nisus Corporation are registered trademarks of Nisus Corporation. ©2017 Nisus Corporation #MCL-FLY-0117

UNTREATED

CLEANED WITH MOLD-CLEAN

### APPLICATION:

Apply liberally to the point of runoff to wood or other surfaces using a low pressure sprayer. Allow surfaces to remain wet for 5-10 minutes. Rinse with water using a high pressure stream.

### TARGET USE:

MOLD STAINS

CREATING A WORLD OF SUSTAINABILITY.
